Dr. J. D. Wallace Heads Board of Trade For 1947

The regular monthly meeting and the annual meeting of the Wainwright and District Board of Trade was held Thursday last December 5th, in the dining room of the Wainwright Hotel.

A very good turnout was experienced with over 40 persons present and of these, ten were new faces.

After the banquet section of the meeting, the members present proceeded to get down to business with President Smith in the chair, ably assisted by Mr. D. Krull as secretary.

Minutes of the last two regular meetings were read and adopted. The last meeting (November) was cancelled owing to an insufficient number present to form a quorum.

The secretary then read the financial statement for the past year giving the highlights of the receipts and disbursements. It appears that the Board of Trade is in a very shaky position as far as finances go. The general fund of the B of T is at a new low. This has been brought about by the very small number of memberships sold through the year.

CORRESPONDENCE

Correspondence was received and read from the following, with discussion pro and con on each subject.

First letter was read from the Alberta Government, Publicity Dept., relative to publicity that the province is now planning for its spring campaign. The letter asked in particular whether there was literature available on the town and district. Apparently there has not been any publication of the town and district since 1916 and it was thought by the members present that maybe something more up-to-date could be produced. It was decided that the matter should be looked into at a later date.

Communication was received from the Edmonton Chamber of Commerce relative to speakers willing to visit the local B of T from the city. It was unanimously felt that out of town speakers would add a certain air of something to the meetings and that an invitation be extended to the Edmonton and Calgary Chamber of Commerce on their generous offer.

Letters and publicity from the Canadian Cancer Society was read and the B. of T. decided to endorse the society and to offer help in any way possible. At this point Dr. D. Wallace enlightened the members on how cancer if suspected in any patient is treated. He stated that cancer is a growing menace to the people of Canada and that more money is being spent in research work than ever before.

Even at this early date correspondence was received from Mid-West Show in Edmonton offering their services for the first of July. On much discussion this communication was held in abeyance until the Wainwright Lodge of B.P.O.E. is contacted as to their plans. It was felt that the Elks had helped the B. of T. out when no other form of amusement was available and that they should receive first consideration in the matter for the coming celebration on July 1st next.

ELECTION OF OFFICERS:

President Smith declared the meeting open for nominations, stating that he had served his term as president and that he wished to be relieved of his duties. He then called for nominations for president Those nominated were Dr. J. D. Wallace and Mr J. Mitchell and on moving nominations close, with the nominees absent, a vote was taken electing Dr. Wallace as the new president for 1947. President Smith turned over the chair to Dr. Wallace.

The new president then called for nominations for the following: Vice President, Secretary, Treasurer and with the exception of Treasurer the vacancies were filled by acclamation.

Farm Forum Findings

The regular meetings of the Gerald Farm Forum have continued now for five seasons. Through all kinds of weather, by all means of transportation these seven families have continued to meet and discuss the questions that are interesting farmers across Canada. Each week the findings and suggestions of the forum are sent to the secretary for Alberta. On the Alberta Forum Notes of December 2nd, which were broadcast over Alberta, the Gerald suggestions were given much prominence.

Some of the suggestions mentioned were that scientific reasearch give more attention to farm management and how to decrease the hours of work in a farmers day; also to the best methods of preventing soil erosion; and to the social aspects of farm life.

At their meeting on Monday night the questions "How has scientific information helped you on the farm?" was answered by such items as, telling the best variety of grains and grasses for this locality telling how to treat sick animals, giving information on weed control, the hints received on canning, cooking, gardening etc.

Much of this information comes from the District Agriculturist, the muncipal field supervisor, bulletins, films and radio talks. At the next meeting of the Farm Forum which will be held at the home of Mr. and Mrs. J. Perkins, both the District Agriculturist and the municipal Field Supervisor are expected to be present.

During the discussion on December 2nd many members present gave a word of praise to the editor of the Wainwright Star for his very timely and well written editorials.

Many more groups could be formed in the Wainwright district with pleasure and profit to all concerned.

All Welcome

U.C.W.A. Elect Officers For 1947

The regular monthly meeting of Group I of the W.A. was held Tuesday evening at the home of Mrs. Symes, with fifteen members and three visitors present.

Mrs. Harley presided over the meeting. The main topic during the business meeting was the slate of new officers for the year 1947, brought in by the nominating committee. These are as follows: President—Mrs. Symes; First Vice President—Mrs. Harley; Second Vice President—Mrs. Crawford; Third Vice President—Mrs. Graunke; Secretary Treasurer—Mrs. J. Mitchell

Mrs. Harley, retiring president, thanked the members on behalf of herself and the other retiring officers for their steadfast support throughout the past two years; our W.A. has enlarged greatly, at present two groups are working with a membership of over forty; our Missionary Society has also increased in membership, these meetings are now held separately, under the capable leadership of Mrs. L. W. Smith

A special Christmas meeting is to be held Friday afternoon December 13 at the home of Mrs. Harley, a cordial welcome is extended to members and visitors.

Mrs. Graunke volunteered from Group I and Mrs. R. Taylor from Group II to assist Mrs. Wright in making Christmas baskets for the "shut-ins".

Final plans were completed for our bazaar to be held December 7.

Mrs. Harley reported our bazaar shower held recently at the home of Mrs. L. Tory was attended by over thirty members and friends of the church; the evening was spent in community singing with Mrs. W. Clark at the piano, this was followed by the gifts being shown and these numbered many.

A delicious lunch was served by the hostesses after which a parting gift was presented to Mrs. Washburn, a highly valued member, who plans to make her home at the coast; Mrs. Washburn expressed her regret at parting with her friends, but extended a welcome to all to visit her in her new home.

After the business was completed a tempting lunch was served by Mrs. Church and Mrs. Crawford

Mrs. Whelan extended an invitation to members to hold the January meeting at the manse.

Mrs. Graunke and Mrs. Harley will be the hostesses.

Ladies Curling Club Rinks Formed

At a meeting of the Ladies Curling Club held on Tuesday, December 3, the following rinks were drawn up:

SKIP—Hazel Davison

Catherine Monaghan Weds Hamilton Boy

The rectory was the scene of a quiet wedding December 6th, when Catherine Elizabeth, only daughter of Mrs. E. Monaghan and the late Mr. E. Monaghan of Gilt Edge, became the bride of Mr. Harvey Bowers second son of Mrs. Bowers and the late Mr. Bowers of Hamilton Ontario. Rev. J. P. Ehmann officiated

The bride, who was given in marriage by her uncle Mr. Geo. Traynor wore a floor length gown of pale blue sheer. The shirred bodice was fashioned with a lace yoke, round collar and long sleeves which were completed with blue mittens. Her chapel veil was held in place by matching flowers and she carried a bouquet of vari-colored chrysanthemums and fern. Her only jewelry was a gold cross.

Miss Mary Teeter was bride maid also wearing a floor length gown of pale blue sheer fashioned with lace yoke, long sleeves and wearing white mittens. She wore a coronet of white carnations in her hair.

Mr. Gerald Teeter supported the groom.

After the ceremony a reception was held at the home of the bride with Mrs. Monaghan receiving the guests. For the occasion she wore a pale green dress with matching black accessories and a corsage of carnations.

A dainty lunch including a tiered wedding cake was served by Mrs. Price Teeter and Mrs. Fred Adams.

Mr. Adams, the bride's uncle, proposed a toast to the bride.

The happy couple left late that evening on a wedding trip to Winnipeg. For travelling the bride chose a gold suit and a grey top coat with matching accessories. Upon their return they will reside in Gilt Edge.

The groom was a member of the active army for six years serving in Sicily, Italy and France. —Con.

W.A. Group 2 Elect Officers For 1947

The regular meeting of the W.A. Group II was held Tuesday afternoon December 3rd at the parsonage.

The meeting opened by all repeating the Lords Prayer followed by the Roll Call. There were 20 ladies present.

Minutes of the previous meeting were read and moved adopted as read by Mrs. Gullekson.

The secretary read the correspondence letters before the Devotional which was in charge of Mrs. L. Mitchell and in the form of a carol service.

Treasurers report showed a balance of $6.15 in our treasury.

Officers elected for 1947 were:
President—Mrs. Patterson
Vice President—Mrs. R. Taylor
Secretary—Mrs. L. Mitchell
Treasurer—Mrs. May

There were ten sick calls made during November.

Following the business discussion Mrs. Patterson presented Mrs. McAra who is leaving shortly with a gift from the members. Mrs. McAra thanked the ladies for the gift and their friendliness shown her during the short time she has resided in town.

The President gave the following report of money collected and expenses for the two groups during November.

Money collected for fowl supper	$ 77.50
Expenses	
Insurance	10.50
Rent for Hall	3.00
Gift	5.90
Flowers	6.00
Total expenses	$ 25.40
Balance to deposit	52.10
Balance in bank	$570.40

At the close of the meeting the hostesses served a delicious lunch to all present. —Con.

Hosp. Architects App. At Special Meeting

Minutes of a Special Meeting of the Board of Trustees of the Wainwright Municipal Hospital District No. 17 was held at the Hospital December 7, 1946, at 1 p.m.

Trustees present were: Chairman, Trustee Gould and Trustees McLeod, Gardiner, Dietrich and Bazley.

The meeting was called to receive and consider applications from Architects as advertised for recently.

After careful consideration of the applications it was moved by Trustee McLeod that Rule Wynn and Rule, Architects of Edmonton, be invited to attend the next regular Board meeting to be held at the Hospital, December 14, 1946 at 1 p.m.

Moved by Trustee Gardiner that the remaining applications be filed for future reference. Carried.

Moved by Trustee Dietrich that application be made to the Department of Health for Board members to be renumerated for attending the meeting. Carried.

Moved by Trustee Dietrich that this meeting adjourn. Carried.

Former Old Timer Dies In Biggar Hospital

Many other old timers in Wainwright and district will remember Mr. D. D. Barton (Danny) who passed away in Biggar, Sask., on Friday morning last December 6th.

Mr. Barton once lived in Wainwright being a former cook at the old Wainwright Hotel. He was also very interested in sports having played on the old time baseball team as catcher during the years 1910-11-12. Mr. Barton moved to Biggar in 1914 being employed by the Grand Trunk Pacific and has ever since run between Biggar and Wainwright on the C.N.R. through freight as a conductor.

He leaves to mourn his loving wife, one son of Biggar, one son overseas and a daughter in Los Angeles, Cal.

IN MEMORIAM

In ever loving memory of our son and brother Harvey Burton Wilson who passed away December 9th, 1940
There is no death, the stars go down
To rise upon some other shore,
And bright in Heaven's jewelled crown,
They shine forever more.
Ever remembered and sadly missed by

FATHER, MOTHER
SISTERS and BROTHER.

United Church Bazaar Real Success

Groups I and II of the United Church W.A. held a very successful bazaar in the IOOF hall Saturday last, thanks to the dependable support of members and friends of the church.

The hall was decorated to give a Christmas spirit and the bazaar was officially opened by Mr. Whelen.

Mrs. Harley and Mrs. Patterson received the guests.

From 3 sharp to 5:30 the hall was packed by shoppers looking for "just the right" thing for a Christmas gift and by all reports it was found on the fancy work table; not to forget the "memory booth", this was full of gifts sent by former members of the W.A. to be sold at the bazaar.

The home cooking table was a big attraction, this was gone in almost no time.

The tea tables decorated with floating snow balls, was a pleasant spot to enjoy the delicious tea served.

About seventy five stopped at the "Wishing Well". We hope everyone got their wish.

Shower For Recent Bride

A pleasant social afternoon was held at the home of Mrs. George Reid on Wednesday last when she and her daughter, Mrs. Garnet Murray, entertained at a miscellaneous shower in honor of Mrs. Bob Haywood, a recent bride in the district.

After a delicous lunch was served those present by the hostesses, a Wishing Well containing many lovely gifts was brought in by Mrs. Jack Spady and Mrs. Hugh Reid and presented to the guest of honor. Mrs. Haywood expressed her sincere thanks and extended an invitation to all to visit her in her new home.

—Con.

Wire From T.B. Seal Headquarters

Provincial Christmas Seal receipts to date thirty thousand dollars. This is six thousand more than the same date last year but is lower as to percentage of objective. On the same date last year we had a third of our objective as against thirty percent of this years objective of one hundred thousand. Such a big programme planned makes hundred thousand imperative.

Alberta Tuberculosis Assn.

CARD OF THANKS

I wish to extend my sincere thanks and appreciation to the many friends who visited and sent fruit during my recent stay in the hospital, also the Ladies Auxiliary of B.E.S.L.; the Canadian Legion and the members of B.P.O.E. No. 22 for their kind remembrances, and special thanks to the Doctors, Matron and Nurses at the hospital.

W. GREGOR McCLUSKEY.

IN MEMORIAM

In loving memory of my dear husband, L. P. Hussey who passed away on December 15th, 1928.
Years are swiftly passing
Still I don't forget
For in the heart of one who loves you
Your memory lingers yet.

HIS LOVING WIFE.

Council Receive Report Public Works Committee

This is the official record of the proceedings of Council of the Town of Wainwright at its regular meeting held in the council chamber at 8 o'clock P.M. on Tuesday the 3rd day of December 1946.

The members of Council present at this meeting were Councillors Leggett, Stafford, Cork Tory and Robinson with Deputy Mayor Coleman presiding.

The recorded proceedings of Council at their regular meeting held on November 19th, were read, and on motion of Councillor Tory were confirmed as written.

On motion of Councillor Robinson, that a grant of $10.00 be made to Wood's Christian Home and that the necessary by-law be prepared authorizing same.

On motion of Councillor Stafford, that the November Building Permits Numbers 18 to 21 inclusive, aggregating proposed building activities in the sum of $10,000.00 be approved by Council.

On motion of Councillor Cork, that the Report of Town Constable Patterson for the month of November, be received and filed.

On motion of Councillor Robinson, that the Report of the Finance Committee be accepted and that the Mayor and Secretary-Treasurer be authorized and instructed to issue cheques to pay the individual accounts in the total amount of $3017.90.

On motion of Councillor Robinson, that the Monthly Statement for the month ending November 30th, be accepted as received, and ordered filed with the minutes of this regular meeting.

On motion of Councillor Stafford, that the applications for Manager of Skating Rink for the season of 1946-47, be brought up for discussion of the Council as a whole.

A considerable period was given to this matter in discussion by Council, when it was moved by Councillor Stafford, that M. Allott be engaged to operate the Skating Rink for the season of 1946-1947, at a salary of $100.00 per month and all proceeds from Rink to be turned into the Town Secretary.

On motion of Councillor Tory that the Report of the Committee on Public Works, be received and filed with records of this regular meeting.

On motion of Councillor Cork that action of Secretary-Treasurer relative to correspondence with University Hospital, be ratified and that these letters be filed.

On motion of Councillor Leggett, that assent be given to the introduction of a By-Law Concerning the sale of Lot 3 in Block 3, Plan 6445-V, to David J. Gibson and Mrs. Hattie E. Gibson of Wainwright, for the sum of $15.00.

By-Law No. 547 then received its three readings in regular form.

On motion of Councillor Robinson, that a grant of $25.00 be made to Wainwright Days Committee, and that a By-Law be prepared authorizing same.

On motion of Councillor Cork, that the salary of Constable P. E. Patterson be raised in the amount of $5.00 per month as from December First, 1946.

On motion Council was regularly adjourned.

Funeral of The Late Gardiner Lewis

Quite a large number of friends gathered at McLeod's Funeral Parlors on Wednesday afternoon last to pay their last respects to the late Gardiner Lewis who passed away December 3rd, 1946.

Rev. W. Whelan conducted the service and performed the last rites for the deceased.

The body was later shipped to Syracuse, N.Y., where burial took place.

Some people make fears their best friends.

SATURDAY, DEC. 14th AT 8:00 P.M.

U.G.G. To Pay Two and Half Million Dollars

Farmers to get Accumulated Dividends

United Grain Growers Limited will pay out two and a half million dollars in patronage dividends. Authority has now been received from the Minister of Finance to pay out this amount, which has been accumulating in a reserve fund since 1941. This information was received from Mr. R. S. Law, President of the Company, Winnipeg by Calgary officials.

This brings to an end for the time being a dispute which the Company has had with the Income Tax Officials with respect to the treatment of Co-operatives organized on the Rochdale plan and which paid a nominal rate of interest on share capital. Although the right to pay patronage dividends was given this Company as early as 1915, the Income Tax Department, on the advice of the Department of Justice, ruled that sums paid as patronage dividends were not exempt. The Company paid out $200,000.00 in this way on the 1940 crop, but the Department assessed the full amount. The Company appealed and pending the decision in the appeal set aside in special reserve various amounts in succeeding years. The Government has now all wed the whole amount. All customers who sold grain through a U.G.G. Elevator between August 1st, 1941 and July 31st, 1946 will now receive cash dividends based on their sales each year in that period.

It is interesting to note that this Company will have paid out to Western Farmers, including these payments the huge sum of $8,000,000. in patronage and share dividends. During its long history it has also paid out large sums as grants to Western farm organizations and as assistance to other co-operatives.

GERALD

(To late for last week)

On Monday evening, November 25th, the Farm Forum met at the home of Mr. and Mrs. D. Rattray with 16 members present. The broadcast on the subject "Is Research Meeting the Farm Needs?" was heard and then a lively discussion took place. After cards and other games were enjoyed, Lunch was served by Mrs. Rattray.

At the meeting in Wainwright for formation of the Agricultural Improvement Association, Mr. R. Campbell was elected president and Mr. L. Myggland and Mr. D. Rattray, Jr, were chosen as directors.

Miss A. Zehnder left on Saturday for a short visit in Edmonton.

On Monday evening, December 2nd the Farm Forum met at the home of Mr. and Mrs. L. Myggland with 21 members present. The subject heard on the broadcast, and then discussed was "Do Scientific Advances Reach the Farmer". After some card games lunch was served by the hostess.

WHITE CLOUD

Mr. Henry LaVerne left on Saturday to spend a few months of the winter in Eastern Canada.

Mr. Keith Babb also left the district on Saturday going to Victoria to visit relatives.

Mrs. Cunningham who has been spending a few weeks visiting this and the Flats district is now with her daughter Pearl, Mrs. A. Drewicki.

The kiddies at school are all very busy these days practising for the concert.

Master Ellis Treffry is looking forward to having the cast taken off his arm which was broken a few weeks ago when he fell off a horse.

Misses Llouse and Margaret Tondu spent the week-end at home.

Mr. and Mrs. Dave McClennon now have the phone installed at their home.

Every cent raised through the sale of Christmas Seals is spent on the specific job of fighting tuberculosis. There a yet much work to be done.

PATRONAGE DIVIDENDS

Forty Years ago this farmer-owned Company was founded on the principles of the world's original Co-operative society — "The Rochdale Pioneers" — Its Object — SERVICE TO THE FARMER.

For the past six years United Grain Growers Ltd. has fought consistently for equality of treatment in the application of income tax to Co-operatives.

While the issue was being decided at Ottawa, the Company allocated and held in reserve each year certain money for the payment of Patronage Dividends.

THE COMPANY IS HAPPY TO ANNOUNCE IT HAS NOW BEEN AUTHORIZED BY THE FEDERAL GOVERNMENT TO PAY OUT IN CASH ITS PATRONAGE DIVIDEND RESERVE OF:

Two Million Five Hundred Thousand Dollars

All customers who delivered grain to a U.G.G. elevator between August 1st, 1941, and July 31st, 1946, will receive in cash. Patronage Dividends based on their deliveries for each of these 5 years.

THIS AMOUNT, INCLUDED WITH PAST PAYMENTS OF SHARE AND PATRONAGE DIVIDENDS PAID IN CASH TO WESTERN FARMERS BY THE U.G.G. SINCE 1906, WILL MAKE THE VAST TOTAL OF:

EIGHT MILLION DOLLARS

Confidence of the Farmer in the U.G.G. has made possible this outstanding record.

UNITED GRAIN GROWERS Ltd

1906 L. J. Alexander, Agent 1946

EDGERTON

The Free Picture Show sponsored by the Board of Trade and the Legion was well patronized and enjoyed.

The Annual meeting of sub-division No. 6 of the Wainwright School Division No. 32 was held in the School Saturday and was, as usual, not very well attended, A. E. Challenger was nominated and appointed chairman and O. G. Griffiths acted as secretary. In addition to the aforementioned, H. E. Spencer, trustee and S. D. Simonson, school inspector from Wainwright and 8 ratepayers. From the reports the business of the Division appears to be running smoothly and in particular the new Dormitory which is filled to capacity. The shortage of teachers still is the predominant worry of the trustees. H. E. Spencer was re-elected by acclamation trustee for this sub-division for another period of three years.

Happy Montgomery returned Tuesday from an extended stay in the East.

Art Pierce has opened his bake-shop and cafe in his own building.

The Masons held their regular meeting Tuesday and were joined at a later hour by members of the Eastern Star.

Cal. Archer, Earl Hallett and Les Darby were all city business visitors.

The ladies of the United Church W.A. held their bazaar and sale of tea in Steele's Showroom Saturday. They report very favorable financial returns.

St. Mary's W.A. met at the home of Mrs. Bullymore, Sr., Thursday for their regular monthly meeting.

Service will be held at St. Mary's Church next Sunday, December 15th at 2:30 p.m.

George Sawyer was confined to his bed for a couple of days with the 'flu.

WARNING: Let us all take a warning from the recent disastrous fires which took place last week in which so many lives were lost, and check up constantly on our heating and electrical devices, to make sure everything is as safe as possible. It is bad enough to lose one's home but still worse injury or death.

Mr. Moore, brother-in-law of Mrs. Darby was visiting at the Darby home.

Curling started Monday night here and the following is a list of Skips and their rinks in the order of Skip, 3rd, 2nd, and lead.

A. E. Challenger, M. Kimball, J. Geddes and Jas. T. Redmond
R. C. Reed, R. Evans, Stan Steele, and H. Cornfield,
H. R. Brown, W. Bell, F. Roberts, and Gene Tranmer,

G. C. Welsh, F. Darling, Bud Spornitz and R. Enockson
R. W. Kyle, A. Calvert, Les Darby, and G. Nesbitt.
H. Spornitz, E. Hallett, A. Nelson and M. Rusnell.
Ron. Pawsey, H. McCormick, Geo. Buchanan and Sam Wilson
J. T. Strayer, E. W. Spornitz, G. Jackson and "Sub"
T. L. Shaw, C. Archer, Bill Murray and C. Jeffcoat
P. Spornitz, D. Sawyer, H. Rousel and W. Ker
Ivan Kimball, Tom Jackson, Geff Miles and P. Taylor
J. Buchanan, N. Buchanan, E. Taylor and Jas. Lyttle.

HEATH

Miss W. Anderson is stopping over for a visit with Mr. and Mrs. Bourchier before going on to Ontario where she will make her home.

The Heath Community Club held the first meeting of the season at the school on Friday evening with increased activities for Christmas the next meeting will be carried over until January.

Rev. Brant from Wainwright will conduct services in St. Patrick's church on Sunday December 15th at 4:15 p.m.

Mrs. Pearl Carr of Wainwright spent a few days with her sister-in-law Mrs. Lloyd Davis. Mrs. Davis returned with her to visit in Wainwright for awhile during Loyd's absence.

Lucille Touchette spent the week-end in Edmonton.

Children of St. Patrick's Sunday school were entertained by their teacher's at the home of Mrs. Arthur Patterson on Saturday afternoon. There were fourteen Sunday school members present and after a merry afternoon of games and carol singing they sat down to a table covered with Christmas decorations. Each child received a Christmas gift and candy bag to take home.

WARNING TO THE PUBLIC

Some unauthorized persons are selling Christmas Seals and keeping the money intended for the fight against tuberculosis. Our method is to send Seals by mail and contributions should be mailed back in return envelopes supplied. Persons canvassing without authority should be reported and prosecuted.

Alberta Tuberculosis Association.

Rose Willow Holds Annual Meeting

The Rose Willow W.I. held their annual meeting at the home of Mrs. McTurk with ten members present.

The meeting opened by singing "Silent Night" followed by the creed and the theme song.

The roll call for this meeting was an exchange of Christmas gifts and as each name was called a gift was presented to them.

The minutes were read and adopted followed by the correspondence.

The annual report was then given.

It was agreed that a donation be made to the Protestant Children's home in Edmonton and also to the Tuberculosis fund and that $10.00 be donated to the Womens Auxiliary of the Wainwright hospital to be used as needed.

After much discussion we made out our suggestion list for the handicraft exhibit for the conference in June.

At the close of the business meeting the election of officers followed.

The officers for the new year being as follows:

Secretary Treasurer—Mrs. J. Black
President—Mrs. V. Avison
Vice President—Mrs. M. McTurk
Convenor of Home Economics and Handicraft—Mrs. J. Sewell,
Convenor of Agriculture—Mrs. R. McNern
Convenor of Social Welfare—Mrs. Olson.
Sick Committee—Mrs. Carey, Mrs. Lagerquist and Mrs Chynoweth.

We closed by singing "Auld Lang Syne", after which a lovely supper was served by the hostess.

The next meeting is to be held at the home of Mrs. V. Avison.

Everyone in Alberta should be X-rayed annually for tuberculosis because early discovery of the disease means early recovery. Mass X-ray surveys are financed largely through the sale of Christmas Seals.

SEEDTIME and HARVEST

By DR. F. J. GREANEY, Director, Line Elevators Farm Service, Winnipeg, Manitoba.

Crop Improvement Associations

The Manitoba, Saskatchewan, and Alberta Crop Improvement Associations were organized to serve as provincial marketing agencies for the growers of Registered and Certified seed. In each province they are sponsored and directed by officials of seed growers' organizations, universities, Dominion and Provincial governments, and grain companies.

Object. The main object of these Associations is to facilitate the wider use of Registered and Certified seed of farm crops. This is accomplished by: (1) Establishing a fair and reasonable price to the grower and purchaser. (2) Enlisting the services of country elevator agents as salesmen. (3) Creating a wider demand for good seed. (4) Locating and maintaining adequate seed stocks to meet the demand. (5) Developing, if necessary, an export market for the disposal of surplus stocks.

Operation. Crop Improvement Associations operate in a simple and direct manner. They buy and own no seed, but simply serve as a medium through which seed is moved from the seed grower to farmer through the elevator agent. All the farmer has to do is to place his order for Registered or Certified seed with his local elevator agent who forwards it to his Head Office, or to the Secretary of the provincial Association. The order is then directed to the seed grower who ships the seed to the elevator agent for delivery to the farmer. This service is provided by elevator companies and provincial Departments of Agriculture at their own expense.

Line Elevator agents in all three provinces are fully authorized distributors of Registered and Certified seed for provincial crop improvement associations. It is anticipated that the demand for Registered and Certified stocks of cereal seeds, particularly of some of the newer varieties, will be heavy this year. Consequently, Line Elevator agents can render a valuable service to their farmer customers by encouraging them to place their orders as soon as possible. Order Registered and Certified seed now.

Attention Beekeepers

All interested persons in beekeeping are cordially invited to join the newly formed Beekeepers Association.

It is urgent that your order for next years bees be placed with Mr. W. McBeth, Wainwright (Phone 136) or Mrs. C. M Alexander (phone 713). Your order should be placed in the very near future to insure an adequate supply for next year.

Save money by buying your bees through your Assoc.

HEALTH

A HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION AND LIFE INSURANCE COMPANIES IN CANADA

LEAGUE STRESSES RESPONSIBLE WORK OF FOOD HANDLERS

Realizing that one of the most important, but neglected, health education opportunities lies in the restaurant field, the Health League of Canada has developed a program for restaurant health education.

The program is concerned primarily with the instruction of employees in high standards of work habits as a protection to themselves and to the patrons.

This plan is based on the principle of co-operative effort between the three chief interests concerned—the health department, restaurant management, and the Health League. In an article—"Eating Out"—in the November-December issue of the magazine "Health", Mr. H. C. Rhodes, Director of the League's Division of Community Health Service, emphasizes the responsible nature of the work done by food handlers. The article describes details of the plan.

The co-operation of the local medical officer of health is first obtained, Key restaurant operators are then invited to take part in the program. This group, along with the health department and Health League representatives, form an Advisory Committee on Restaurant Health Education.

Restaurant operators interested in the plan are invited to enroll their staff as members of the Health League, entitling them to receive the League's informative monthly publication "Health News." A set of special posters covering a wide range of subjects in the disease-prevention field are provided the restaurant by the League.

A short course of instruction is arranged, to be repeated as often as necessary, at which employees are shown films dealing with restaurant sanitation, service and food protection. A suitable speaker is provided by the health department.

CBC GOVERNOR

G. Douglas Steel, principal of Prince of Wales College, Charlottetown, who was recently appointed to the board of governors of the Canadian Broadcasting Corporation. A Prince Edward Islander by birth, Dr. Steel has for many years been a leading educationist in the Maritimes.

To some women "housewife" means one who loves her house more than her husband.

It's not change of face we need, nor change of pace, but change of heart.

FIRE HAZARDS

During the past week there have been numerous fires that have taken a great toll of life and property, one in Atlanta, Ga., with over 100 lives lost, one in Saskatoon with 10-15 lives lost and other fires in Brandon, Vancouver, Peterborough, etc. with many dollars of damage done if no loss in life.

The winter season seems to be the time for most fires to occur, which is only natural with fires turned up to keep out the chilly blast of a north wind. However in most every instance carelessness on somebody's part is the most prominent cause of each and every fire.

It might be advisable to check into the fire hazards around the home at this time to make certain disaster does not strike your dwelling one of these nights.

Wainwright can boast of the best fire fighting equipment in any town its size, but somteimes the equipment is not enough. Fire is sometimes like sickness, the earlier it is noticed and fought, the more chance of successfully subduing it with the least possible damage. This is especially true of farm fires where in many cases the water supply, such as the well, is sometimes located quite some distance from the house.

Insurance is a valuable asset to have, but today with scarcities and higher prices insurance money does not cover the distance that it once did.

Prevention is better than cure, so the first spare moment that time lies idle on your hands seek out the dangerous fire hazards that are lurking around the home or office. It might mean untold saving in property damage and lives lost.

REPRINTED BUT GOOD

Below will be found a clipping from one of the numerous articles that we read every day. It explains our sentiments exactly, so we pass it along at this time.

UNIVERSAL DOLE

By newspaper, magazine and radio advertising the Minister of National Health and Welfare is currently urging Canadians to co-operate in maintaining their taxes at a high level.

The advertisements are not honest enough to state this purpose directly. Instead, they are in the form of a specious plea to everyone who has children under sixteen years of age to register them for the baby bonus and thus get something back from the income tax collector. This means maintenance of high taxes, because the expense of the payments to parents who do not need the bonus is not offset by their payments of income tax. The Baby Bonus Division of the Government will require larger quarters than would otherwise be needed, more clerks to do the bookkeeping, more employees to investigate and prosecute the parents who will attempt to defraud the Government and the parents who are reported by official or unofficial snoopers as wasting their children's substance.

It is a thankless task to speculate on the motives of Mr. King and his cabinet for any course of action, but there are grounds for thinking that Dr. Herbert Bruce, former M.P. for Parkdale, may be the unintentional provoker of the government's scheme of general pauperization.

It will be recalled that it was Dr. Bruce who described the baby bonus as a colossal bribe for the electorate. He was punished by being escorted from the House when he refused to withdraw his description.

The fact that his statement was resented corroborates its accuracy. The Prime Minister is accustomed to reserve his displays of moral indignation for those critics who reveal too great awareness of his hidden motives. He can keep his temper remarkably well under ordinary political abuse.

Dr. Bruce's handling of the probe and scalpel would have had salutary effects if the patient had cared to submit to the surgeon, but that could not be expected. Self-medication was the patient's resort. It was painful to be called a briber, but the pain could be palliated by bribing everyone. No one who accepts the bribe can criticize.

The temptation to accept the baby bonus is great. For parents who are paying substantial amounts of income tax from a moderate income the temptation amounts to compulsion. If they do not accept the bribe, they are presenting the money to a government that will undoubtedly waste it. They will receive credit for their refusal only from their own consciences. It is unlikely that their wives will appreciate the sacrifice of cash for a principle.

It may be that independence has gone out of fashion, that within a few years it will be mere snobbishness to think of bringing up a family without state aid. If that is the case, it is hardly worth while pointing out to parents that, by accepting the bonus, they will render themselves liable to investigation at any time. The act provides for investigations and it will not be fair to confine the snooping merely to those families that are spending the bonus on beer. With class distinctions abolished among the recipients of relief, there must be no discrimination shown in prying into their lives and habits.

Independence, personal rights, freedom will continue to have some meaning. The politicians of all parties will see to it that some way is found to minimize the shame a parent might feel in accepting a handout. The few who continue to regard the baby bonus as an iniquity will be thought of by their neighbors as cranks.

FARMING NOTES

By Prov. Dept. of Agriculture

PLANTING CROP SEQUENCES

When the bulk of the prairie soils now under cultivation were broken about 55 to 75 years ago, they produced abundant crops under ordinary methods of cultivation. Little thought was then given to crop planning or crop sequences, the principal concern being to produce sufficient food in the period from harvest to harvest, says W. J. Breakey, Dominion Experimental Station, Morden, Man.

During this period these soils, originally prairie, have produced tremendous amounts of cereals but, unfortunately the cost in soil deterioration by soil erosion, loss of fertility and organic matter have also been tremendous and this heavy toll on the Western soils forced abandonment of thousands of what formerly was considered good agricultural land.

Prairie soils are rather complex in their make-up and over large and even small areas the physical and chemical properties may vary considerably. Consequently, these different soil types, which show many different characteristics do not all respond to similar treatments or cultural practices.

At the Experimental Station, Morden, much study has been given experimental work carried on in planning crop sequences in various crop rotations under trial.

The type of crop sequence planned for any farm, district, or area will depend chiefly on the prevailing type of soil and whether the farmer is engaged in straight grain growing or mixed farming.

Light soils are conductive to soil erosion so that summerfallow substitutes, where practical, must be given priority over straight summerfallow. Grasses and clover reduce soil erosion, replace organic matter, aid in eradicating weeds and the control of root-rots and other important but detrimental plant diseases. These crops also increase the fertility and potential production by improving the physical conditon of the soil.

Studies at Morden disclose that the yields of subsequent crops following alfalfa are increased. Crested wheat grass tends to lower the yield of the following crop for at least one year. Yields of wheat following corn have been nearly as great as yields following summerfallow. In dry years yields of oats or wheat following sweet clover have been greater than wheat after alfalfa, while in wet years the yield results have been reversed.

Each farmer should plan his own crop sequence or cropping system and grow the crops best suited to his particular soil type for his present and future needs, whether he be engaged in straight grain growing or farming. In the latter it will be necessary to incorporate grasses, clovers corn and specialized crops into his crop program, so as to provide sufficient feed for stock production.

SAWFLY RESISTANT WHEATS

Most of the bread wheat varieties grown in Canada are susceptible to sawfly damage. A few are resistant. At the present time rescue is the only variety that is suitable for commercial production, says A. W. Platt, Dominion Experimental Station, Swift Current, Sask.

In tests made throughout the area of Western Canada where the sawfly is most prevalent, Rescue has shown a high degree of sawfly resistance. On the average less than seven per cent of the stems of Rescue were cut by the sawfly whereas 64 and 72 per cent of those of Thatcher and Apex were severed. In some tests less than one per cent of Rescue was cut as compared with over 80 per cent damage to Apex. On the other hand, in a few tests Rescue was damaged considerably, the greatest being 43 per cent. Comparable damage to Apex was 95 per cent. Similar results have been obtained in tests conducted in Montana. These results indicate that in the majority of cases excellent sawfly control will be obtained by the growing of Rescue but some considerable damage may, however, occasionally occur. It is unlikely that such damage would occur in successive years. Even when damage occurs in Rescue it has always been considerably less than that sustained by other, common varieties.

There remains the possibility that a strain of sawflies may be developed that will attack Rescue. No one can foretell whether or not this will occur but in order to be prepared work is under way at the plant breeding laboratory at the Experimental Farm, Swift Current, to develop new wheats having greater resistance than Rescue. In order to accomplish this Rescue has been crossed with the durum variety, Golden Ball, and with one of the perennial grasses. The resistance possessed by Golden Ball is not any greater, on the average, than that of Rescue but it does not fluctuate to the same extent. It may thus be possible to obtain from this cross varieties that do not show the occasional damage that Rescue does. The perennial grass, Agropyron elongatum is practically immune to sawfly damage. If this immunity can be transferred to wheat it is extremely unlikely that any strain of sawfly will develop that could attack it. The project is not yet sufficiently advanced to know whether or not this can be accomplished.

FROZEN MILK AND CREAM

Officials of the Dairy Branch of the Alberta Department of Agriculture point out that with the arrival of winter, additional care will be required in the handling of milk and cream. Only a clean-flavoured non-frozen product can demand highest returns.

Butterfat tests on frozen cream and milk are often inaccurate due to the difficulty of securing representative samples. There is also considerable delay in returning empty cans due to the necessity of thawing the cream and milk gradually at the factory.

Frozen cream is placed in second grade since the frozen condition leads to the production of mealy butter. It also causes fat separation and difficult coagulation in the cheese-making process. It often results in excessive losses in churning of butter and lowering of the yield in cheesemaking.

A few simple rules should be adopted in caring for cream and milk during very cold weather conditions:

1) Provide a clean, cool, but not freezing, storage place for your product.

2) Follow the same procedure that you do at any season of the year, i.e. DO NOT MIX WARM AND COLD MILK OR CREAM. Cool the warm product first.

World Of Wheat

MORE WHEAT AND COARSE GRAINS BADLY NEEDED

There is a universal cry the world over for more wheat, U.N.R.R.A and the F.A.O. confirm this. Britain says that the German people in the British Zone of Occupation have nothing like enough bread. The people in Britain are tightly rationed on bread. The British Government complains that not enough Canadian wheat is reaching them, and wants Canada to supply 40 million bushels more at $1.55 under the Wheat Agreement.

Mr. Gardiner, on Nov. 26th, advises Eastern farmers to grow more of their own feeds because insufficient feed grains are coming from the West.

More wheat and coarse grains, then, are badly needed. Can our prairie farmers produce more? Yes, they can, provided the incentive of higher price is given. Higher price is the magic key to unlock the door leading to greater production. That is what higher prices are for. We have in the West an immense reserve in summerfallow, on which, at a pinch, greater acreage could be sown and which would produce a much greater quantity of wheat and coarse grains.

It is true that farmers hope for a Participation Payment on wheat at the end of five years, but the mere hope of a possible Participation Payment five years hence does not, I suggest, give farmers money with which to increase production now.

TERMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Canada has refused the British Government's request for an additional 40 million bushels of wheat or flour to the 160 million bushels Britain is receiving under the long term Wheat Agreement — Australia's wheat crop is estimated at 120 million bushels, some 50 million bushels less than a normal season's production; the exportable surplus is placed at 40 million bushels, compared with 60 million bushels last year.

Italy has opened negotiations for the purchase of Argentine wheat, corn and oil seeds—The Burmese rice crop is expected to yield 4,400,000 tons giving an exportable surplus of one million tons which is double that of last year.

Need for hand cleanliness is the subject of a bulletin issued by the Department of National Health and Welfare. It isn't only a matter of decency, but of vital health concern, say the doctors, for bacteria inevitably collects on the hands and is readily transmitted. "It's sheer self-preservation to keep hands and nails clean", declares a health authority, "for disease can spread rapidly from the germs they may harbour."

CANADA'S INTERESTS NOT SERVED BY PASTEURIZATION OPPONENTS

The best interests of Canada are not being served by those individuals who oppose compulsory pasteurization of milk, Dr. Gordon Bates said in a recent interview. Dr. Bates, General Director of the Health League of Canada, reaffirmed the League's determination to achieve universal pasteurization throughout the Dominion.

Ontario at present is the only province with province-wide legislation in force.

"Those individuals who, chiefly by letters to newspapers, attack the advisability of pasteurization are either ignorant of the facts or are prompted by other motives," Dr. Bates said. "It should be realized that these persons are setting up their unsupported opinions against the universal findings of the medical profession and associated scientific workers.

"Milk is a wholesome and beneficial food if it is pasteurized. In its raw state it can be a menace to health and life. Those who oppose pasteurization should be prepared to accept some responsibility for the harvest of lives and sickness taken annually in Canada by such milk-borne diseases as bovine tuberculosis, undulant fever, typhoid and para-typhoid fevers, septic sore throat, diphtheria, scarlet fever and dysentery."

Dr. Bates said it is necessary to weed out of dairy herds those animals suffering from tuberculosis, Bang's disease, and other communicable diseases. However, this would not alone assure a *safe* milk supply, because milk frequently was found to have been contaminated by human handlers.

"To be completely safe, milk must come from certified animals, it must be cleanly handled, and it must be pasteurized," he said. "Pasteurization should be insisted on as an effective additional safeguard over and above all sanitary precautions."

Scientists are working day and night in an effort to find a cure for tuberculosis.

Hints for the Household

COOKING TO TIME

Every trade and every craft has its own tools and its own language. The homemaker must use the right tool at the right time, and be able to follow specific instructions to achieve baking success. Many kitchen tragedies are the result of misunderstanding of directions, rather than faulty recipes.

Yesterday's recipes have been modernized to give more accurate information. Recipes that called for "butter, the size of an egg or a walnut", or "a handful of this or that" are seldom seen today. Definite amounts are stated, using standard level measurements. By following such instructions the mixture will always be the same.

However, many a failure takes place in baking or roasting after careful preparation. The modern homemaker appreciates the costliness of failure and so prefers up-to-the-minute recipes, which state the degree of heat and time required for cooking. With this type of recipe success is assured not once or twice but every time.

Most ranges today are equipped with oven thermometers or automatic heat controls. Should your range have neither a reliable oven thermometer may be purchased at a low price—a small investment, which will pay big dividends in better baking results. At no time of the year is the oven used oftener than at this season. Thus, to remove the hazards of failure and disappointment, the home economists of the Consumer Section, Dominion Department of Agriculture have some helpful baking tips to offer. Just a few words about the cooking of that Christmas bird—nothing short of perfection is demanded.

The bird of your choice should be meticulously groomed and then trussed. The trussed bird cooks more uniformly, browns more evenly and looks much better on the platter than one untrussed.

The homemaker reputation as a cook, will stand or fall by the results of the next step. Improper cooking can spoil all. The best results are achieved by slow cooking with dry heat. Low temperatures assure better flavour and appearance, with less shrinkage and loss of juices. Use a shallow, uncovered pan, with no water. Place the bird on a rack, breast down, to start cooking, then turn to upright position when about three-quarters done. To test for doneness move the drumstick up and down. If the leg joint gives readily or breaks, the bird is done.

Christmas cakes should be baked in a slow oven. They are usually heavily fruited and baked in deep pans. Too high a temperature will cause a crust to form over the surface of the cake, which will prevent rising, as well as heat penetration. The pans should be lined with several thicknesses of well-greased, heavy brown paper, extending about one inch above the top of the pans. Fill pans about 2/3 full. To prevent scorching on the bottom, the pans should be raised slightly above the bottom of the oven or placed in a pan of sand or ashes. If your Christmas cake contains less fruit than usual, a higher baking temperature should be used. This is also true of light fruit cakes.

Cookies on the other hand are small and thin. They require a shorter cooking period at a higher temperature. Mixtures containing chopped fruit, chocolate, honey or molasses will require a lower temperature to prevent scorching. Shortbreads are thicker than cookies and so require a lower temperature. If the shortbread is baked in one large piece, use a slow oven, allowing longer baking time.

LIGHT TEXTURED CAKES AGAIN

Now that cake is once more available, light textured cakes are certainly welcomed back into our recipe "fold"—especially with holidays in the offing! So here are recipes for two delicious cakes which, between them use both egg whites and yolks. The first is a light textured sponge cake which we haven't been able to make for ages. This cake, you will note, calls for egg yolks only. A not inconsiderable number of the remaining egg whites go into the preparation of the Angel Cream Roll, a treat which stores perfectly in the refrigerator for the next night's dinner—that is if you're lucky enough to have any left after the family has once sampled this delicate specialty.

Honestly, these "cake twins" are ideal for special occasions and definitely go hand in hand toward dessert success:

Golden Sponge Loaf

1 2/3 cups sifted Swans Down Cake flour
1 teaspoon double-acting baking powder
½ teaspoon salt
10 egg yolks, at room temperature
½ cup hot water
1 teaspoon lemon extract
1 cup sugar

Sift flour once, measure, add baking powder and salt and sift together three times. Beat egg yolks with rotary egg beater; add hot water gradually, beating until mixture is very thick and light (about 10 minutes). Add flavoring. Then add sugar gradually, beating constantly. Add flour in fourths, folding in until just blended. Turn into ungreased 10-inch tube pan and bake in moderate oven (375°F.) 40 minutes, or until done. Remove from oven and invert pan 1 hour, or until cold. If desired sprinkle confectioners' sugar over top, placing a lace paper doily on top of cake before sifting, to make an attractive pattern.

People don't enrich life when they just look for a rich living.

To enjoy putting others in the wrong is even worse than to enjoy wrongdoing.

Vaccination Still Necessary

Most everybody knows what smallpox is, but not many of the present generation have seen a case.

Smallpox is a killing disease, and it disfigures those it does not kill. Once the most dreaded of all diseases with epidemics which wiped out one-tenth of the population at a time, smallpox is a disease against which there is no natural immunity.

The disease may be almost forgotten, but there are still cases occurring in Canada. And, the recent outbreak on the United States of the Pacific Coast served as a warning that smallpox has not altogether disappeared.

However, it has been practically wiped out through vaccination—a protective process which immunizes the recipient. Vaccination should be repeated every seven years, or during an epidemic.

The Journal of the Canadian Medical Association stated recently that heavy post-war travel is facilitating the spread of smallpox into areas usually relatively free. The Journal stated that there is "definite risk" of scattered outbreaks in Canada and because it could not be claimed that Canadians were adequately protected, suggested a campaign in support of vaccination and revaccination.

Radiograms

THAT NEVER-ENDING STREAM

The extent to which young listeners (and old) rely upon CJCA for various favors and information is reflected in the amazing assortment of requests that come to hand continuously. One of the most popular radio personalities to whom the listeners turn in this regard is Hal Yerxa, the "Uncle Hal" of the "Kiddies Program".

It got its start years ago, but gained a tremendous impetus through Jo-Jo's campaign for Red Cross funds. Often, accompanying the contribution was a special request for names of lonesome British children or addresses of radio repair shops or one of dozens of other services.

This has now grown into an established public service feature reaching beyond the one program.

At present Uncle Hal is busy replying Kiddies' requests for "gift suggestions for Mother". Yesterday he turned down two invitations to attend "60th wedding anniversaries".

Recently, a young couple wrote in seeking Hal's assistance in rounding up a "child for adoption—a boy or girl age 10 or 11".

Young and old listeners have sent in magazines, books, old Christmas cards, clothing—yes, even sunflower seeds and money orders—in all cases requesting that Uncle Hal place them "where they will do most good to others less fortunate".

Last week, it was learned that veterans in hospitals need radios, Uncle Hal mentioned it on the Kiddies Program. Within 24 hours two radios—in good working order—arrived at the station. Others are expected from outside points.

This never-ending stream of favors and counter-favors continues—increasing from day to day in volume and popularity. It's a public service of which CJCA is justly proud.

HANG CLOTHING

Parents who have difficulty teaching children to be tidy and to hang up their discarded clothing, now have the support of the Department of National Health and Welfare. In a bulletin, the health authorities say that it is necessary to hang clothing which has been worn, so that it will air thoroughly. Due to the perspiration and body odor worn clothing absorbs, this is a matter of health concern. The department also approves of frequent washing, pressing and brushing of clothing.

If all we love is our reputation, that won't help to save the nation.

Our thinking is wrong if our living is.

PRICES INCREASED ON DOORS AND DOOR & WINDOW FRAMES

The Wartime Prices and Trade Board has announced that a twenty percent increase in the manufacturer's, wholesaler's and retailer's ceiling price of doors, screen doors, and windows, door and window frames, and a twenty-five percent increase in the price of sash.

This step has been taken to stimulate production of these items which are falling short of the needs of the enlarged housing program, the Board said.

Officials explained that maximum prices of these items have been kept at basic period levels despite rising costs of labour, lumber, glass and other materials.

Examination of financial data sub-by various trade organizations and individual concerns has shown that manufacturing costs had increased by twenty to thirty percent and that in some instances financial need existed.

MAKE IT COME TRUE!
No one dreams more of tomorrow than father. He plans new worlds for his children—advantages he never knew.
And wise fathers build for this tomorrow with the help of Treasury Branches.
In savings, in complete business services, Treasury Branches are translating dreams into reality for many people of this province.
It's a good idea to join them.
FATHERS appreciate this service
Aside from savings accounts, and full business aids, fathers particularly enjoy the guidance of Treasury Branches in planning adequate Government Life Insurance
KNOW YOUR TREASURY BRANCH

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. Blake Sharp of Wainwright at the Wainwright municipal hospital on December 9th, a boy.

BORN—To Mr. and Mrs. Oran Davis of Wainwright at the Wainwright municipal hospital on December 8th, a boy.

***Members of the Hospital Auxiliary are reminded that the next meeting will be held on Thursday afternoon January 16th, 1947 at the Hospital.

— ★ —

An error occurred in last week's story re the Beekeeper's Association, the Vice President for the Association should have appeared as Mr. George Krinbill instead of Mr. Budd.

— ★ —

We understand Mr. Sidney MacDonald has obtained a position with Brown Fruit Company in Edmonton.

— ★ —

After an extended visit with relatives and friends in Ottawa and Eastern Canada, Mr. Ed Ripley returned home at the week-end.

— ★ —

A certain Missouri editor refuses to publish obituary notices of people who, while living, failed to subscribe to his newspaper, and gives this pointed reason:—"People who do not take their home paper are dead anyway, and their passing away has no news value." MORAL: Subscribe to your home town paper.

— ★ —

Mrs. E. Budgen and children of Dapp, Alberta are visiting at the home of her parents Mr. and Mrs. Walter Gray of Fabyan and other relatives until after the holiday season.

— ★ —

We are sorry to report little Donna Stevenson a patient in the local hospital recovering from an appendix operation and hope to see her around again soon.

— ★ —

Cowley's Bakery unloaded a new modern cake mixing machine on Thursday of last week. We are looking forward to sampling some of those cakes, Bill!

— ★ —

Mrs. E. M. Tucker was a visitor at the homes of the Gehring families and other relatives in town recently, retirning to her home in Kevin, Montana on Friday of last week.

Mr. and Mrs. Gordon Graham returned home at the week-end after several weeks holiday spent visiting with their daughter and family Mrs A. F. Hare at Newcastle, Ont.

— ★ —

Mrs. A. Gray was called to Edmonton at the week-end on receipt of the news of the serious illness of her father there.

— ★ —

Mrs. D. Dundas went to Edmonton on Friday to visit her husband who is undergoing further treatment for his foot and ankle in the University hospital.

— ★ —

Mrs. B. Davison and Mrs. L. Baxter were in the city for a few days last week.

— ★ —

Mrs. Jack DeLong who has been visiting her parents Mr. and Mrs. Geo. Arkwright left for her home in Edmonton on Friday.

— ★ —

Mrs. W. Seale returned home last week from a holiday spent visiting with relatives and friends at Blackie, Alberta.

— ★ —

Mr. Reggie Lissimore is here for a short time from Jasper and Edson, relieving on the C.N.R.

— ★ —

Mr. and Mrs. P. E. Wiley and their grand daughter Barbara Gehring were visitors to the city for a few days last week.

— ★ —

Mrs. W. Loudfoot (nee Edith Love) of Edmonton spent the week-end with Mrs. E. Turner in town.

— ★ —

Rev. Brant of All Saint's Cathedral is in charge at St. Thomas (Ang.) Church here until Rev. Smith will arrive from Peace River shortly after the New Year.

— ★ —

Mr. Keith Fenby left for Winnipeg at the week-end to accompany Mrs. Fenby, who has been visiting with her sister Mrs. B. Fish, home.

— ★ —

We notice extra help has been added to the staffs at the various stores to take care of the Christmas shoppers.

— ★ —

Mr. Jim Robinson has now completed his large metal hut which he recently brought down from the north country.

— ★ —

Miss Lenore Rajotte, daughter of Mr. and Mrs. Jerry Rajotte met with a nasty accident on Monday evening when she fell on a knife injuring her arm and required medical attention.

W.H.S. HI-LITES

The dance sponsored by the High School last November 29th was a great success. A variety of dances such as bingo's and ladies choices were added to the dance. Lunch was served at the Legion at 11:00.

Last week was a busy one for both teachers and pupils as the Christmas exams were held.

The High School boys had their first hockey practice last Thursday night to organize their hockey team.

Miss Bloom is organizing a Glee Club with pupils from Grade seven to twelve. If it is successful she plans to sponsor a program near the end of the school year.

Pupils intending to be nurses are assisting the public health nurse this week with her clinics at the various towns. This is to give the pupils a view of the duties of a P.H.N

CARD OF THANKS

I wish to publically thank the many friends who visited me during my recent stay in the Wainwright hospital, I would especially like to thank the Eastern Star for their fruit basket, also the Doctors and Nurses of the hospital staff.

MRS. J. A. LIPPERT

Heated opinions are a poor substitute for hearts on fire.

People who can't get their own way become either a noisy nuisance or a silent menace.

ACTRESS

Toronto-born Ruth Springford began her career as a radio actress in 1942, and in the ensuing four years became one of the "reliables" called to play roles in comedy shows and daytime serials, in CBC feature productions and the annual "Stage" plays.

PRICE ADJUSTMENTS FOR RUBBER, CANVAS FOOTWEAR TOLD BY PRICES BOARD

The Wartime Prices and Trade Board has announced an adjustment in the manufacturers' prices of rubber and canvas footwear which will result in an approximate increase of ten to twenty-five cents per pair to the consumer.

This increase, which was effective November 25, was authorized to partially offset additional costs to the manufacturer resulting from increased material costs and increased labour rates recently authorized through out the industry.

Board officials pointed out that the recent decrease in synthetic and crude rubber prices had been taken into consideration in establishing the new prices, and explained that without this drop in material costs, the increase would, of necessity, have been much greater.

EARLY CHRISTMAS SEAL RETURNS

"Most encouraging" was the way Eric Connelly, President of the Alberta Tuberculosis Association, characterized returns during the first four days of the current campaign.

"It looks as if we are off to a good start, "Mr. Connelly said, "but naturally it will be some time yet before we have any real indication of how fully the people of Alberta are cooperating to make this drive a success."

Mr. Connelly said that almost without exception people this year are buying all the Seals sent to them and that some are contributing substantially more than two dollars. He said results so far suggest that the public is determined to place its full support financial or otherwise, behind the current fight to eradicate tuberculosis from this area and to prevent its re-occurance in the future.

PUBLIC MEETING
Please note that a Public Meeting under the sponsorship of the Board of Trade has been called for WEDNESDAY, DECEMBER 11, 1946 at 7:45 p.m at the Town Hall, Wainwright.
The purpose of this meeting is to wind-up the affairs of the Wainwright Celebration Committee.
Election of officers will also take place this time.
PLEASE BE THERE!
(11-12)

Medical science has declared a victory over small-pox, yellow fever and typhoid. If everyone would help, a similar victory could be declared over tuberculosis. One way of helping is to buy and use Christmas Seals
It costs seven times as much to cure a case of tuberculosis as it does to find it. Christmas Seals perform a valuable service in helping to finance diagnostic efforts in all parts of Alberta.

ARCHIE MACCOORKINDALE

Here at the Prairie Region's most famous street corner, Portage and Main, Winnipeg, is Archie Maccorkindale, late of Vancouver, now CBC drama producer for the Prairies.

CONTINUATION OF
DR. J. D. WALLACE HEADS BOARD OF TRADE FOR 1947
(continued from page 1)

L. W. Smith and W. E Coleman were nominated for the position of Treasurer and Mr. Smith asked that his name be withdrawn from the contest making way for Mr. Coleman Those elected were: Vice President—Mr. J. Mitchell, Secretary—W. C Huntingford and Treasurer—Mr. W. Coleman.

Membership committee under the chairmanship of Mr. E. Walker was appointed with the intention of increasing this years membership. This has been a sadly lacking feature of the past years.

Election of the executive followed and it was brought up that an executive of three members was insufficient to handle the large amount of work that is planned for this year. It was decided to increase the number to six members. Eight members were nominated of which the following six were elected: Dr. J. Bradley; E. Lane; H. Buckle; D. Krull; L. Tory and J. MacKenzie.

Mr. J. MacKenzie on behalf of the members vendered a hearty vote of thanks to the retiring officers and executive and Mr. L. W. Smith replied to this vote of thanks on behalf of the retiring officers and executive, stating that it had been a pleasure during the year to be the president of the Board of Trade and that he had received the best of co-operation.

BUSINESS:

Much discussion took place re the meetings and place. It was felt in some quarters that a dinner meeting was unnecessary and that the regular meeting could very well be conducted in the Town Hall. After various views were aired it was decided to carry on with the dinner meeting for the present.

The question of fees was brought up and it was finally decided to try and carry on with the same membership fee as in the past years.

It was pointed out from the chair that the next regular meeting would fall on January 2nd and in view of the fact that it was so close to New Years festivities it was decided that the next meeting would be called by the executive to be announced at a later date.

On regular motion the meeting adjourned.

PRICES BOARD TELLS WHAT RATION COUPONS EXPIRE ON DEC. 31

All sugar-preserves S coupons Nos 1-25 in Ration Book Five will expire on December 31, 1946, the Wartime Prices and Trade Board announced today. In addition meat coupons M Nos. 56 to 68, butter coupons B Nos. 29 to 34 in Ration Book six and all evaporated milk coupons bearing a beaver design also will expire on that date.

These coupons may still be used by a supplier for a period of 14 days after the expiry date, officials said. However, they may only be used for purchasing supplies until January 7, after which they must either be deposited to the credit of his ration coupon bank account or surrendered to a bank in exchange for a bank transfer voucher on or before January 14, 1947.

Recipes

Angel Cream Roll
½ cup sifted Swans Down Cake flour
¾ cup sifted sugar
2/3 cup egg whites (6 to 8 egg whites)
¼ teaspoon salt
½ teaspoon cream of tartar
½ teaspoon almond extract
¼ teaspoon almond extract

Sift flour once, measure, add 4 tablespoons of sugar and sift together four times. Beat egg whites and salt with rotary egg beater or flat wire whisk. When foamy, add cream of tartar and continue beating until eggs are stiff enough to hold up in peaks, but not dry. Add remaining ½ cup sugar, 2 tablespoons at a time beating with rotary egg beater or whisk after each addition until sugar is just blended. Fold in flavoring. Then sift about half the flour over mixture and fold in lightly; repeat.

Turn into 15 x 10-inch pan which has been greased, lined with paper to within ½ inch of edge, and again greased. Bake in moderate oven (375°F.) 12 to 15 minutes.

Turn out on cloth covered with powdered sugar, remove paper, and quickly cut off crisp edges. Roll cake, rolling cloth up in cake. Cool. Unroll, spread cake with Chocolate Filling*, and roll again. Chill until ready to serve. If desired, cover top with your favorite Chocolate Frosting and sprinkle with shredded coconut.

NOTE: Remove eggs from refrigerator several hours before using. They beat up lighter and more easily when at room temperature, and give increased fineness of grain and delicacy of texture to angel food cakes.

*Chocolate Filling. Place 1 package prepared Chocolate Pudding in sauce pan. Add 1¼ cups of milk gradually, stirring constantly. Cook and stir over medium heat until mixture comes to a boil and is thickened. Cool stirring occasionally. Chill before spreading. Makes 1½ cups filling.

Orange Sugared Nuts

In place of salted nuts, try Orange Sugared Nuts.
1¼ cups sugar
½ cup orange juice
1 teaspoon grated orange peel
2 cups peanut, walnut or pecan meats

Cook sugar and orange juice to 240°F. or soft ball stage. Remove from heat. Add orange peel and nuts Stir until syrup begins to look cloudy Before mixture hardens, drop by spoonfuls on waxed paper. Separate into desired size clusters.

PATRONAGE DIVIDENDS to PIONEER CUSTOMERS

NOTICE TO CUSTOMERS OF THE PIONEER GRAIN COMPANY LIMITED RE PATRONAGE DIVIDENDS FOR THE THREE CROP YEARS 1942-43, 1943-44 AND 1944-45.

Some time ago we distributed patronage dividends to customers for the season 1942-43.

We now wish to advise that dividend cheques for the season 1942-43 are now being issued. If, therefore, you made deliveries to us within that season, get in touch with our agent for further particulars.

It is our intention to distribute patronage dividends for the seasons 1943-44 and 1944-45 in due course. We request customers for those seasons to keep in touch with our agents.
